DOCTOR'S

NightGuard 200 lbs /new pack / revised english 2006 :30

AVO: If you grind your teeth at night,

it's like doing this with a 200 pound weight.

No wonder it could lead to discomfort or more serious damage, including fracture, even tooth loss.

The Doctor's Night Guard

is the only soft protector that easily molds to your teeth

Read and follow label directions. Use only as directed.

to absorb

the damaging effects.

Now without a prescription in the dental aisle

Call the number on your screen for more on how to keep your smile beautiful.

Protect your teeth from the nightly grind

with The Doctor's Night Guard.
